

Your Personal Guide in Navigating Health Insurance

MEDICARE SOLUTIONS

Medicare is the health insurance program run by the federal government. It is available to those 65 and older, those under 65 with certain disabilities, and those with end-stage renal disease.

Choosing the right Medicare Coverage is an important decision. There's not a one-size-fits all situation because everyone has different needs and budgets. Our Medicare enrollment specialists will help you assemble the Medicare plan that meets all your personal needs. This professional service is free.

COBRA OPTIONS

Individuals who are currently or will soon be eligible for COBRA because of loss of employment or a reduction in hours may benefit from a broader landscape of insurance providers, plans and costs.

We provide individuals and families the opportunity to work with a personal consultant to evaluate eligibility for governmental subsidies which may drastically decrease the cost of insurance.

YOUR EMPLOYEES AND MEDICARE BENEFITS

Your employees who are over the age of 63 may already be receiving information about the Medicare open enrollment period starting in October. Let them know they have a resource available that understands their current benefits and the details associated with Medicare.

Our goal is to educate employees approaching age 65 and older that Medicare might be a preferred or less costly option as they make decisions regarding their personal insurance.

This free service gives the employer and employees a one-on-one consultation to review Medicare options. The UROneBenefits Medicare team is fully licensed with the U.S. Department of Health and Human Services (HHS) and the Centers for Medicare and Medicaid Services (CMS), which work closely with our team on your employee benefits program.
