[1] The deductible and coinsurance out-of-pocket limit are either embedded or aggregate. When embedded, each family member must meet their own individual amounts until the total amount of expenses paid by all family members meets the overall family limit. When aggregate, the overall family limits must be met before the plan begins to pay.

[2] Network level Out-of-Pocket includes deductible and coinsurance and flat dollar copayments.

[3] If applicable, copayments are the responsibility of the member.

[4] Preventive services include evidence-based services that have a rating of "A" or "B" in the United States Preventive Services Task Force, routine immunizations, and other screenings, as provided for in the Patient Protection and Affordable Care Act.
